Except for the section "IUPAC Recommendations and Technical Reports", requests for permission to reproduce material from the Journal should be addressed to the IUPAC Secretariat.

Dissemination of IUPAC Recommendations and Technical Reports is encouraged and there is no objection to:

- Republication or reproduction of any report or its storage and/or dissemination by electronic means. Furthermore, no formal IUPAC permission is needed on condition that an acknowledgment, with full reference to the source along with use of the copyright symbol ©, the name of IUPAC, and the year of publication, is prominently visible.
- Publication of a translation into another language is subject to the additional condition of prior approval from the relevant IUPAC National Adhering Organization, and requests should be addressed to the IUPAC Secretariat.

It is a condition of publication that manuscripts submitted to this journal have not been published and will not be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to IUPAC if and when the article is accepted for publication. However, assignment of copyright is not required from authors who work for organizations that do not permit such assignment. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform, or any other reproductions of similar nature and translations. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form or by any means electronic, electrostatic, magnetic tape, mechanical, photocopying, recording, or otherwise without permission in writing from the copyright holder.

Author archiving policy for IUPAC

IUPAC makes freely available the full texts of all articles published in *Pure and Applied Chemistry* on the IUPAC Web site, <<http://www.iupac.org/publications/pac/index.html>>, for all except the current and most recently completed volumes. In addition, authors may immediately deposit copies of their own articles online, for archival and distribution purposes, but only in the form of the IUPAC published pdf version. IUPAC Technical Reports and Recommendations are freely accessible from date of publication.

Photocopying information for users in the USA
